From: <u>akathol@gwtc.net</u> <<u>akathol@gwtc.net</u>> Sent: Wednesday, November 24, 2021 1:50 PM To: Engineers (BRPELS) <<u>engineers@brpels.wa.gov</u>> Subject: PE License Renewal

Attention: Ken Fuller, PE, Director State of Washington BRPELS,

I would like to bring to your attention that I did not receive an email/mail notification from the BRPELS to renew my PE license as I have always received in the past. I understand that the state has put this burden on the registered professional engineer to renew their license, but in the past, I have always renewed my license in a timely manner. This year, I did not receive any notification. Whether or not the email was sent is unknown at this time. I suspect it was and went either into my SPAM or was never delivered by the third-party email vendor. Nonetheless, this is a problem that the BRPELS needs to be made aware of. It is interesting that I received the email notification that my renewal was past due but did not receive the renewal notification itself. The State of Washington BRPELS ought to recognize that professional engineers are very busy tending to their business practice. A courtesy reminder would suffice as was always provided in the past via USPS. An individual should be allowed to opt-in to receive paper notifications because of the issue that I have described to prevent this type of situation from creating unnecessary hardship and the collection of fines as a result. Businesses/Engineers/Surveyors should not be penalized for the mishandling of electronic notifications. The State Licensing Board should be proactive rather than reactive in getting businesses, licensed professional engineers/surveyors to renew their license accordingly. A brief renewal letter would go a long way in solving this problem. Furthermore, as a first-time user of the online platform, I noticed how the online registration was not as intuitive and user-friendly causing me to contact the BRPELS office over the phone because it did not process my online payment.

I simply wanted to share my comments on this matter with you as I am sure there are other engineers/surveyors who will or have had a similar experience.

Sincerely,

Anthony Kathol, PE

RE: Funded Delegate Notification for the NCEES Western Zone Interim Meeting

The 2022 NCEES Western Zone interim meeting will be held May 19–21 in Stateline, Nevada. A meeting summary, which includes funding details and a draft schedule of events, is attached.

In accordance with NCEES policy, the Council will fund the lodging, travel expenses, and registration fee of the member board administrator (MBA) and three delegates from each member board to that board's respective zone interim meeting. For the designated attendees to receive this funding, their respective member boards must be in active status as defined in *Bylaws* 10.012. Delegates must attend the business sessions on Friday, May 20 and Saturday, May 21. Additional requirements are described below.

Notify NCEES of your member board's three funded delegates by completing the online form (using the link below) by **February 9.** Updates may also be submitted using the same link. Delegates will not be allowed to register or book travel until this form is completed. Complete the form even if you do not plan to send delegates to the meeting. There is an opportunity within it to let us know if your state has or anticipates travel restrictions.

When meeting registration opens in late January, NCEES will send an invitation to each funded attendee via email with meeting information and instructions for registering and making travel arrangements.

Member board administrator

NCEES will automatically invite the current eligible board administrator when registration opens in late January, so it is not necessary to provide your name and contact information in the online form. When an MBA represents more than one board, the funding is for the designated MBA only and not for the assistant MBA or other member board staff.

Funded delegates

To qualify to be a funded delegate, the individual must be a current board member or an associate member.

As required by the NCEES *Bylaws*, member board chairs must notify NCEES in writing on board letterhead by February 9 if an associate member is to be designated as the board's sole voting delegate. For boards that require authorization from the state, such designation may come from the agency director for that board.

For questions regarding NCEES-funded delegates, contact Sherrie Dyer at <u>sdyer@ncees.org</u>.

	further discussion. Additionally, delegates will provide individual board updates, and the
	zone will elect a zone vice president and assistant vice president.
