

**WAC 196-33-400 Seals and stamps.** All individuals licensed in accordance with chapter 18.210 RCW shall procure a seal/stamp that conforms to the design as authorized by the board. It is the responsibility of the licensee to maintain control over the use of ((his/her)) their stamp/seal. The impression or image of the seal/stamp shall conform to the below-illustrated design and be of a size that assures full legibility of the following required information:

- (1) State of Washington;
- (2) Licensed on-site wastewater treatment system designer;
- (3) License number;
- (4) Licensee's name as shown on license.
