Purpose of the proposal and its anticipated effects, including any changes in existing rules: Amendments are being proposed to correct and clarify language throughout WAC 196-26A. WAC 196-30 will be repealed due to the large amount of language that is a duplication of language found in Chapter 196-26A. Any specific language regarding on-site wastewater treatment system designers will be moved into Chapter 196-26A. Language regarding what is required at the time of application and/or renewal is also being clarified.

Reasons supporting proposal: Correcting and clarifying current language and repealing duplicative language helps avoid potential conflicts with language that is found in other chapters of WAC 196.

Statutory authority for adoption: RCW 18.43.035, RCW 18.210.050 and RCW 18.210.060

Statute being implemented: RCW 18.43.050, RCW 18.43.080, RCW 18.210.140 and RCW 18.210.190
