Purpose of the proposal and its anticipated effects, including any changes in existing rules: The title of this chapter is being changed to better reflect the subject matter it covers. The proposed title is *Fundamentals of Engineering Exam and Engineers-in-training*. Changes were made to existing rules to clarify eligibility requirements to take the fundamentals of engineering examination and applying for certification as an Engineer-in-Training in Washington.

Reasons supporting proposal: Changes to the current language will allow more flexibility to the Board to consider different types of education and experience for individuals that do not have an accredited engineering degree, and it allows individuals that have passed the fundamentals of engineering exam in another state to apply to become certified as an Engineer-in-Training in Washington.

Statutory authority for adoption: RCW 18.43.035
